if you asked me to choose one of the most regretful hairstyle in my life this would be on the top of the list, this is how much I hated this hairstyle and yet you!!
If I could turn back this stupid time this would be the style that I wish to rip and fix myself!

Oh My goodness!
Hon- Honey!

What, What the heck is this? How dare you secretly copy a picture in the living room!!!!
The printer was just lying there so I just ..

I don't know... Maybe I would start from this huge steamed bun looking back hair and make it a bit smaller...
And also bring the lifted part of my bangs to the side all together..

What is this? A drawing contest for elementary students?
I know right? Hyungsung seems like a kid who is cheating, considering how he is looking at her paper..

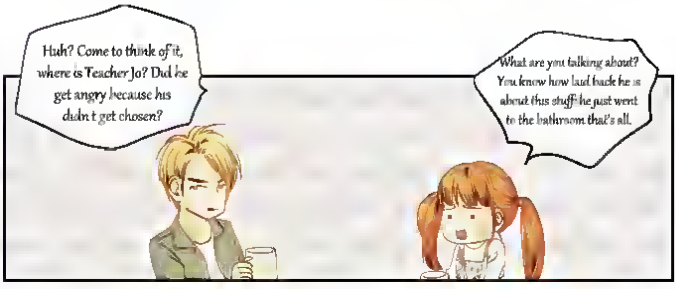
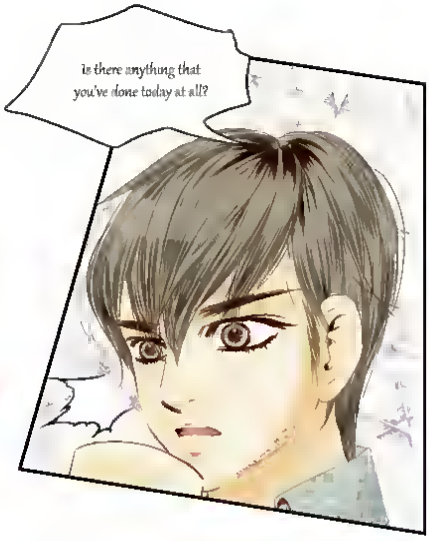
Now when the portrait is finished we can move to the new shop right director?
Even if we do move it will take more than half a year to complete the interior and the building, don't get too hyped up about it.



Huh? Come to think of it, where is Teacher Jo? Did he get angry because his didn't get chosen?
What are you talking about? You know how laid back he is about this stuff! he just went to the bathroom that's all.

Shojo Manhua Scans

Oh, Well it was nothing. When I did volunteer work at the nursing homes I always paid attention to what the grandmas there had to say and just caught a hint from the conversations.
Most of the grandmothers said that their wedding pictures were the ones they regretted the most because of the hairstyle



Is there anything that you've done today at all?

The design and everything else was what the client did herself wasn't it? She was the one who drew it.
The person who brought out what she wanted was me!!!

What? "The hair style that you want is somewhere inside of you?"
Do you really think that?
.....

The customers who come to us aren't all like the client we had today. Most of them don't even know what kind of style they want when they come for our help.
They come to us because they can t find it within themselves!!

Shojo Manhwa Scans

With customers like that...
Do you want to repeat what you did today and ask them to think about the hairstyle they regretted the most?
Asking them to bring wedding pictures, giving them a pencil and telling them to draw what they want to fix about it?

Shojo Manhwa Scans

Of course even the reason that I wanted you to work under me
Was also because i wanted how you had different perspectives of solving problems like this but that's just a "feeling"

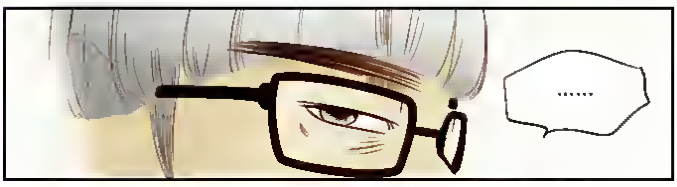
Meanwhile in the bathroom...
The so called laid back Teacher Jo...
A thing like me just has to die...
How could I lose to a newbie. This is not acceptable, no way..

Shojo Manhwa Scans

Huh? What, did you already say something while I was gone?!
Hehe... I-I thought that Teacher Jo would be the one who would get chosen... So .. Hahaha. I can't leave such an important client to a newbie who just got in...

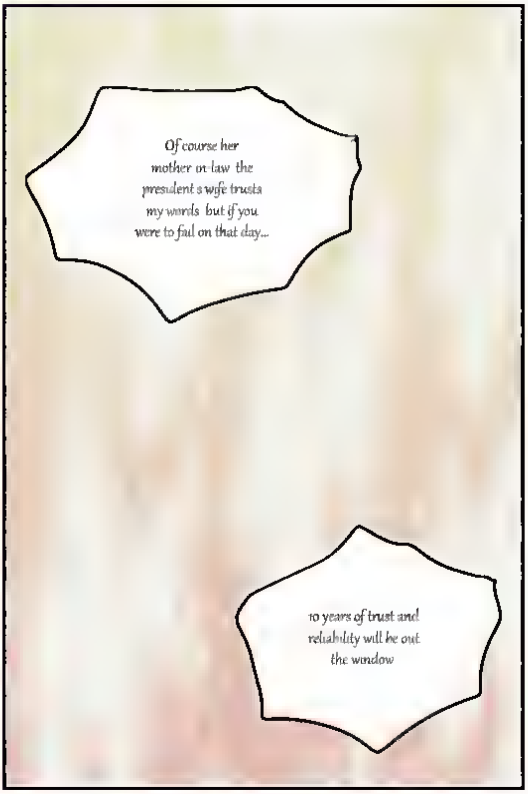
Shojo Manhwa Scans

What do you mean by newbie! A promise is a promise! Leave it to me!
I've been only taking care of male clients so far and now you're going to do this to me?! That's not fair! I'm going to take this job!



Shojo Manhwa Scans

It seems like she is going to come in the morning of her engagement day and get her hair styled..
She's the first woman client in years... Do you think you can handle it? There's only 4 days for you to prepare..



Of course her mother in law the president's wife trusts my words but if you were to fail on that day...
10 years of trust and reliability will be out the window

Manhwa Brand

And rumors will spread which means we won't get any customers, and I'll get so mad that I'll burn the shop down, go to jail for that and be beaten up in there and continue with my miserable life...
The staff here will be scattered and become homeless and you... You won't be able to win the guilt and will commit suicide with a pair of scissors
A quickly made up melodramatic situation~♪
